### **EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE**

1. Claims 1-10 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 6, the primary reason for allowance is that the prior art fails to teach or reasonably suggest adding pixels of a same color in each of all said fields when a luminance of said image of the object is determined to be low and when the object is determined to be not moving according to a comparison between outputted images which are in adjacent fields of said color image pickup device.

As for claims 2 and 7, the primary reason for allowance is that the prior art fails to teach or reasonably suggest that the pixels of the same color in each of all said fields are added after re-exposing a next field which is the next field of adjacent fields of said color image pickup device when a luminance of said image of the object is determined to be low and when the object is determined to be not moving according to a comparison between outputted images which are in said adjacent fields of said color image pickup device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
